

# KILKARNEY *Catering*

## *Customer Reviews*

"We hired Kilkarney Hills to cater our wedding at a nearby facility and they more than exceeded our expectations every step of the process. Jeni and Chef Jen were so amazing to work with and so knowledgeable in helping us with our menu and even giving suggestions about what might not work with what we were looking to do for the size of our event. And Chef Jen spent the whole day of our event with us making sure everything went perfectly, which it did. And the food was amazing! Even better than our initial tasting, we got so many compliments that night and still do about the food. And their staff was so accommodating and helpful through the whole meal service." -- Lindsey

"Chef Jen and her awesome crew catered our offsite wedding and I have nothing but positive things to say about the experience! The food was delicious and servers had positive moods. Such a blessing to see so many of our loved ones gathered around tables sharing a meal together on our special day. Thank you!" -- Laura
